## THE HALLIDAY STORE Peter Thompson Suits NEW BUILDING AT CATAWBA Capacity Increased This Week. Officers Relieved From Horse Hire.

## NEWMAN FLASHED MILLION IN CAFE

Wall Street Long Amused by Man Who Offered \$1,000 for a New "Cuss" Word.

New York, August 18.—Wall Street was amused at the dispatches from Roanoke stating that Walter Newman, described in the directories as a "capitalist," with offices at three business addresses on lower Broadway and a residence at the Plaza Hotel, and who is on an automobile trip to inspect his "gold" mine at Salisbury, N. C., was offering a \$1,000 bill for a new "cuss" word, and indulging in other freakish conduct.

Wall Street reputations with Newman's are overburdened with money—when he made and lost vast sums—Newman has been most lavish in his expenditures. There is not an office building in the financial district in which the elevator attendants will not hold his round figure is seen entering the lobby. The starter gets \$5 and the elevator boy \$2 as a tip. Newman's popularity is just as great among the newsmen, bootblacks and haberdashers of New Street, where, in his prospective trip, he is expected to drop many a ten-dollar tip to a bartender.

In the cafes Newman's favorite drink is a champagne cocktail. He delights in showering the bar with \$1,000, \$500 and \$100 bills, and then tipping the waiter a \$10 bill.

Newman has been a familiar figure in Wall Street for more than a decade. He began life as a newsboy in Richmond, Va., and subsequently drifted to this city, where he obtained employment as advertising agent on a newspaper.

He is now in control of the Nevada Consolidated Copper Company. Mr. Phillips gave Newman his first real boost. Later Newman attracted the attention of ex-Governor Roosevelt, T. Flower, and when Mr. Flower and his associates started the sensational rise in Brooklyn Rapid Transit Newman was let in on the ground floor, and is credited with having made an enormous amount of money.

Recently Newman has been known most particularly because of his association with the Union Copper and Gold Hill Mines in North Carolina. A short time ago he suffered a stroke of paralysis and retired from active management in the Union Copper Company.

Recorded of Newman that no matter how low may be his finances, he has the ability to borrow at a moment's notice anywhere from \$20,000 to \$50,000 in real money. Not long ago he invited a friend to a cafe and drank with him. Newman had been hard hit in the recent slump in stocks, jocularly remarked that he did not believe he had the price of a drink. Newman, taking the matter in earnest, darted into a cafe, and emerged with a tin box. On the bar he reluctantly displayed more than \$1,000,000 in cash and securities.

CONDUCTS HIS OWN CASE.

Walter George Newman Charged With Exceeding Speed Limits.

(Special to The Times-Dispatch.) Salisbury, N. C., August 18.—Charged with exceeding the speed limits with an automobile in Salisbury, Walter George Newman, of the Gold Hill Mines, was taken to the New York City to this city, was arraigned before Judge B. B. Miller, in Rowan county, today. Newman, who offered \$1,000 in Roanoke for a new cussword this week, conducted his own case in court, making about 15 minutes later, and was found guilty of exceeding the speed limit. The State rested, and the court dismissed the case.

Newman is the reputed millionaire owner of several Gold Hill mines.

On Hands, Face, Nose and Mouth. Hard Crust Formed and Cracked Open. Blood Run. Itched Frightfully. Mitts on Hands. No Rest.

Got Cuticura. In 3 Days Relief. In a Week Cured Without a Mark.

"I have a little baby almost a year old. When he was two months old he got eczema on both his hands, on her face and inside her nose and mouth. She refused to drink and one of her eyes almost closed up. A hard crust formed and would crack open and the blood ran out. It itched so frightfully that the poor little fellow would not rest. We had to keep mitts on her hands to keep her from scratching at her face and her mother was forced to keep her in bed all night. We had a very good doctor and he said that he possibly could not relieve the baby's torture but the results were not what we had looked for."

"We had read of the Cuticura remedies so we went to the drug store and got some Cuticura soap and Cuticura ointment. We used them just as directed and in three days the crust began to come off. In a week there was no more scab and now the baby is cured without a mark. He is now as healthy as a horse and his parents in their bed, with no more sleepless nights because of the baby's suffering. Cuticura seems a wonder remedy. It should not delay in getting it. Henry M. Fogel, R. F. D. 1, Bath, Pa., Dec. 4, 1909."

Cuticura is sold everywhere. Write to the world. Potter & Chem. Corp., Sole Prep., Boston. Mailed free, 32-page Cuticura book, containing valuable advice on the treatment of skin troubles.

ALFALFA EXPERTS TO GIVE LECTURES

Will Be Feature of Virginia's Exhibit at Coming State Fair.

NEW BUILDING AT CATAWBA

Capacity Increased This Week. Officers Relieved From Horse Hire.

Quite a novel feature to add to the value of the State Fair to farmers has been devised by Commissioner George W. Kolner, of the Department of Agriculture. This is to be a series of lectures on alfalfa growing by an expert who has done it and who is raising a fortune every year.

For the first time in the history of Virginia State Fairs, the Department of Agriculture will have an exhibit of its own. Mr. Kolner has rented an exhibition space twenty by forty feet. This will not admit of a large or very varied exhibit, but it will be utilized, as far as possible, in displaying the products of the State, with literature on Virginia and her possibilities.

Scotch the West.

This is to be done partly to neutralize the efforts which are expected to be put forth by Western railroads to attract business to the territory west of the Mississippi. They will, it is understood, have representatives on the grounds and will give away their advertising matter. Mr. Kolner prefers that the live people stay at home and develop the possibilities of their own State.

The lectures on alfalfa growing will be delivered by H. Zimpelman, manager of the big alfalfa farm in King George county. He will speak every day at hours to be advertised later, and will answer any questions which may be asked him and give any information desired.

Mr. Kolner believes that an actual demonstration of results accomplished will be a valuable lesson. The department's bulletin on alfalfa will be distributed, and samples of the hay will be on hand. Better than all, the man who bought land for \$20 an acre and is now raising \$100 worth of hay an acre a year from it will tell how he did it.

PAVILION FINISHED

Accommodations at Catawba Increased

Improvements at the Catawba Sanatorium are getting along apace, according to State Health Commissioner Ennon G
